>_ SUMMARY

I am Rodhi Faisal Mufid, a graduate of Informatics Engineering from Informatics Business and Institut Darmajaya. I am driven by the ambition to change the world through education and technology. I'm also a quick and diligent learner, meticulous, and enjoy challenges.

As a result-oriented individual, I possess a strong desire to continuously learn and grow. I firmly believe that by combining creativity with technical skills, I can contribute added value to your company

I am eager to discuss how I can contribute to achieving the company's goals. Thank you for considering my application, and I look forward to the opportunity to join the exceptional team at your company. 🌐 🚀
